

## **Robert and Kathryn McRae /Rex Lumber Scholarships For Chipola College Engineering Technology Program**

- New scholarships will be awarded for use during the Fall 2018 semester to applicants that are planning to enroll and pursue an **Associate of Science degree in Engineering Technology** specializing in Advanced Manufacturing: Pneumatics, Hydraulics, and Motors Certification at Chipola College or enrolling in the certificate program, Engineering Technology Support Specialist.
- Each scholarship award will be a one-year scholarship toward 30 semester hours of tuition and/or books and supplies for classes required for the Engineering Technology program.
- Multiple scholarships will be awarded that are associated with the Rex Lumber Graceville plant and applicants for these scholarships will be given priority consideration if they are current or recent graduates from the following high schools: Graceville High School, Poplar Springs High School, Holmes County High School, Cottondale High School or Chipley High School. Additionally, multiple scholarships will be awarded in association with the Rex Lumber Bristol plant and applicants for these scholarships will be given priority consideration if they are current or recent graduates from the following high schools: Liberty County High School, Blountstown High School, and Altha High School. In both cases, second consideration will go to applicants that are graduates of any other high school within Chipola's five-county service district, Liberty, Calhoun, Jackson, Washington, and Holmes Counties. Also, children of Rex Lumber employees (must be employed for at least one year) are eligible to apply for the scholarship to enroll in the Engineering Technology program.
- Applicants must have a minimum 2.5 high school grade point average in order to apply for the scholarship and must maintain a minimum 2.5 grade point average each semester enrolled at Chipola College in order to retain scholarship.
- The Fall 2018/Spring 2019 first-year scholarship recipients will be eligible to reapply for the scholarship for use during the second year of the Engineering Technology program. The scholarship donor will consider second year funding based upon prevailing economic conditions and the student's performance in the academic program.
- Scholarship applicants must submit completed applications by June 6, 2018 at 4 p.m. to the Chipola College Foundation, 3094 Indian Circle, Marianna, FL 32446.
- Scholarship recipients that excel in the Engineering Technology specializing in Advanced Manufacturing: Pneumatics, Hydraulics, and Motors Certification program may be eligible for paid internship positions within Rex Lumber Company.
